Projects

- **Instagram**
  Developed a responsive Instagram Clone using HTML, CSS, and JavaScript, featuring a dynamic feed layout and user interaction functionalities. Implemented a clean and modern design with smooth animations to replicate the core Instagram experience. Enhanced user engagement by integrating features like a responsive navbar, image grid, and hover effects.

- **E-cart**
  Developed an e-cart web application using HTML, Tailwind CSS, and React.js, featuring a responsive UI, product listing, and seamless cart management. Integrated dynamic components for user interactions, enhancing usability and performance.

- **GYM - website**
  Developed a responsive Gym Website using HTML, Tailwind CSS, and React.js, showcasing dynamic features like class schedules, membership plans, and interactive forms. Focused on creating a modern UI/UX with seamless navigation and optimized performance.
